What's the difference between classes at the main club and Banksia Park Primary School (BPPS) ?

General Gym classes at BPPS are the exact same program as held at the main club, but families can sit inside the gymnasium with excellent views of the class. There are bathroom facilities and seating is available. Classes at the main club have limited seating and viewing areas for families. There are hot & cold drink and food facilities available at the main club. These classes also have access to a foam pit and trampoline, however these have limited use due to equipment rotations.

Consider kicking your child's weekend off to an energetic start with a Saturday morning class!
